## DEEP DRAINAGE CHANNEL

Durable. Reliable. Built to Perform.

### STRONG & DURABLE

High quality construction for long lasting performance

### EFFICIENT DRAINAGE

Deep channel design for excellent water flow

### A15 LOAD CAPACITY

Suitable for pedestrian and light traffic areas

LENGTH  
1 Metre

WIDTH  
200mm

DEPTH  
150mm

### STRONG & ROBUST

Built to withstand daily use

### EASY TO INSTALL

Lightweight design for quick setup

### WEATHER RESISTANT

Designed to perform in all conditions

### LOW MAINTENANCE

Built for hassle free performance

## A15

LOAD CAPACITY

IDEAL FOR PEDESTRIAN  
& LIGHT TRAFFIC AREAS

# HEAVY DUTY A15 CLASS GALVANISED GRATE CHANNEL

**UPTO 1.5TON WEIGHT HANDLER**

**A15  
CLASS**

## Load Rating

A15 Class – Suitable for loads up to 1.5 Ton

## Heavy Duty

Galvanised Steel Grate

## Side Self Connector

Exempt of Quadbox  
Easy & secure interlocking connection

## 3 Bottom Outlet Connector

Compatible with 110mm pushfitting underground pipe

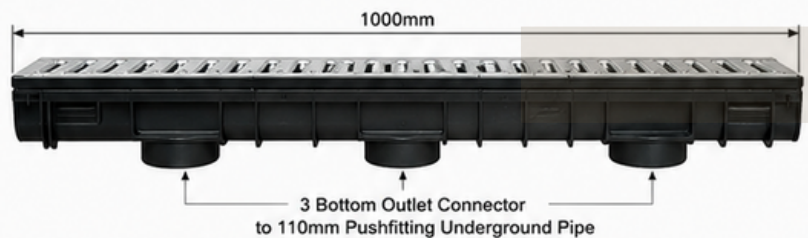

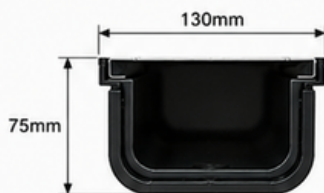

## Durable & Corrosion Resistant

Ideal for driveways, patios, pathways, gardens, garages & other light vehicle areas

**WEIGHT HANDLER**

## PRODUCT DIMENSIONS

| SPECIFICATION          | DETAILS                                                             |
|------------------------|---------------------------------------------------------------------|
| Load Rating            | A15 Class – Up to 1.5 Ton Weight Handler                            |
| Grate Material         | Galvanised Steel                                                    |
| Channel Material       | High Strength Polypropylene                                         |

# 1 DRAINAGE CHANNEL

STRONGER. SIMPLER. SMARTER.

## HEAVY DUTY DESIGN

Supports vehicles up to 1.5ton tonnes, perfect for driveways.

## ROBUST PLASTIC GRATING

Anti-slip textured surface for enhanced strength and safety.

## VERSATILE APPLICATION

Suitable for residential driveways, patios, garages, and commercial spaces requiring effective water drainage.

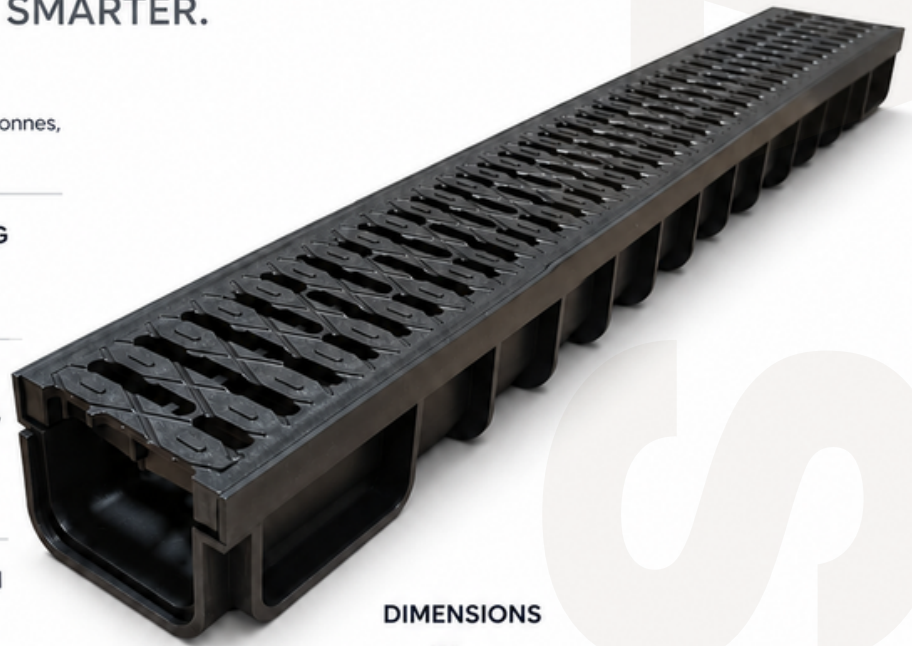

## DURABLE CONSTRUCTION

Made from high-strength plastic material engineered to withstand heavy loads and frequent use.

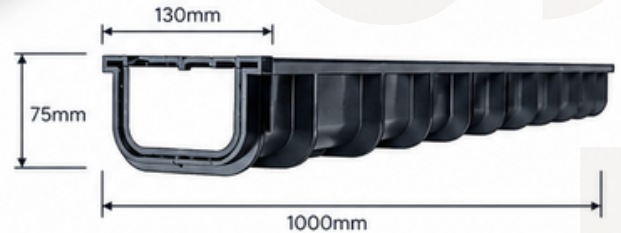

## EFFICIENT DRAINAGE

Features optimised channel design with textured grating surface for maximum water collection and flow.

## DIMENSIONS

## DURABLE

Built to last with high-strength materials

## EFFICIENT DRAINAGE

Optimized flow design for maximum water removal

## STRONG & RELIABLE

Engineered for heavy loads and tough conditions

## EASY INSTALLATION

Simple design for fast and secure setup

## LOW MAINTENANCE

Smooth surface resists debris and build-up

| LENGTH (MM) | EXTERNAL WIDTH (MM) | EXTERNAL HIGH (MM) | LOAD CAPACITY    |
|-------------|---------------------|--------------------|------------------|
| 1000        | 130                 | 75                 | Up to 1.5 Tonnes |

**PERFECT FOR DRIVEWAYS**  
Handles everyday vehicle & pedestrian traffic

**EFFICIENT WATER FLOW**  
Deep channel design for superior drainage

**STRONG & DURABLE**  
Built from high strength recycled plastic

**EASY TO INSTALL**  
Lightweight, modular design for quick installation
